

RC&E to offer Four-Day PSM/RMP Class *exclusively* for our Customers

Let us help you better understand your Process Safety Management / Risk Management Programs!

<p>What will the class offer?</p>	<p>The Four-Day class will cover all aspects of OSHA’s PSM and the EPA’s RMP program requirements that you’ve been tasked with implementing. We’ll show you the WHY and the HOW of PSM/RMP compliance!</p> <p>Attendees will receive:</p> <ul style="list-style-type: none"> • An overview of the PSM/RMP program followed by a point-by-point explanation of the unique requirements of the PSM/RMP laws; and • Helpful templates and forms to assist you in documenting compliance; • Real-world worked examples of <i>practical</i> compliance, not just theory; • Examples from actual OSHA & EPA citations, fines and inspections; • Q/A sessions throughout the class to explore specific facility issues; • Daily lunches are provided as part of the class to network with implementers from other companies and facilities; • A certificate documenting Professional Development Hours to help maintain RETA CARO/CIRO certifications; • A copy of our book “Understanding Ammonia Refrigeration Process Safety”
<p>Who should attend?</p>	<p>Anyone who is tasked with (or can benefit from a better understanding of) PSM/RMP compliance at your facility: Operators, PSM Coordinators, Safety Managers, Maintenance Managers, etc.</p> <p>This class is designed in such a way that the true beginner and the seasoned safety / refrigeration veteran can both get what they need out of it.</p>
<p>Who is teaching it?</p>	<p>Brian Chapin, RCE’s Compliance Services Manager and Josh Latovich, RCE’s PSM Engineer will be the instructors.</p> <p>Our instructors have been in the PSM/RMP field as implementers and consultants for over a decade and have taught hundreds of people the basics of practical PSM/RMP compliance. They have conducted audits for dozens of companies and even conducted abatement audits at the request of OSHA and the EPA.</p>
<p>Where and When is it?</p>	<p>The class is scheduled for February 19th-22nd, 2018 and will be held in the Fort Worth area at the Courtyard (Marriot) Fort Worth West at Cityview. Mention RCE-Chill when booking for a special rate!</p> <p>The class is limited to 20 enrollee’s and availability is first-come, first serve. Future classes will be held based on demand, at least twice a year.</p>
<p>What is the cost?</p>	<p>The cost of the class including all materials and provided lunches is \$995 per enrollee.</p>

<p>How do I enroll?</p>	<p>To guarantee your place in the class, enroll immediately! Additional information is available at www.rce-chill.com/psmtraining/ or call Brian Chapin at (570) 437-0660.</p>
<p>What have prior students had to say about the class?</p>	<p>“With quite a lot of pre-existing PSM knowledge, I still came away with lessons learned.”</p> <p>“...this class did a great job in explaining how the PSM system works.”</p> <p>“Very thorough... I won’t feel like I am fumbling in the dark anymore.”</p> <p>“Engaging presentation of complex material. A valuable class”</p> <p>“I enjoyed the interactivity. A great deal of information but it didn’t feel overwhelming due to the pictures, videos, and stories which provided a deeper understanding than just lectures.”</p> <p>“This book will be a reference for years to come!”</p> <div data-bbox="597 758 1243 1591" data-label="Image"> </div>
